COLLECTION

When Revo was founded in 1985, our pioneering crystal glass lens was celebrated for its flawless optics and inimitable style.

Now, the crystal lens is back featuring an innovative new process that encapsulates our NASA lens technology within two layers of glass for unparalleled polarized protection.

THE ORIGINAL GLASS
LENS RETURNS

1

CRYSTAL GLASS FRONT

2

EXCLUSIVE MIRROR COATINGS

Encapsulated inside the front crystal glass, providing a protective layer against mirror scratching

4

CRYSTAL GLASS SUN LENS

High-tech base lens

5

SPECIAL AR COATING

Reduces intrusive back-surface reflections and improves visual acuity

REINTRODUCING

THE ORIGINAL REVO CRYSTAL GLASS LENS

100% polarized and featuring innovative encapsulated lens technology

Revo Blue

THE ONLY ORIGINAL GLASS LENS

Created in 1985 but made for today. The original crystal glass lens, now with the heritage blue mirror coating encapsulated in the glass.

Smoky Green

THE LIVING COLOR LENS

Bring to life nature's vibrant palette: the sepia tones of a trail, the green of a fairway, or the blues of a stream.

A silhouette of an airplane is shown flying through a vibrant, colorful sky. The sky features a rainbow gradient, with colors ranging from deep reds and oranges to bright yellows and greens, set against a backdrop of soft, white clouds. The airplane is positioned in the upper right quadrant of the frame, moving towards the left.
