

Hey Everyone,

Here is a quick step by step guide on how to use our new dealer portal function of our website so you can place all your orders online if you choose to. We have worked very hard on this and we hope you find it useful in your busy schedules.

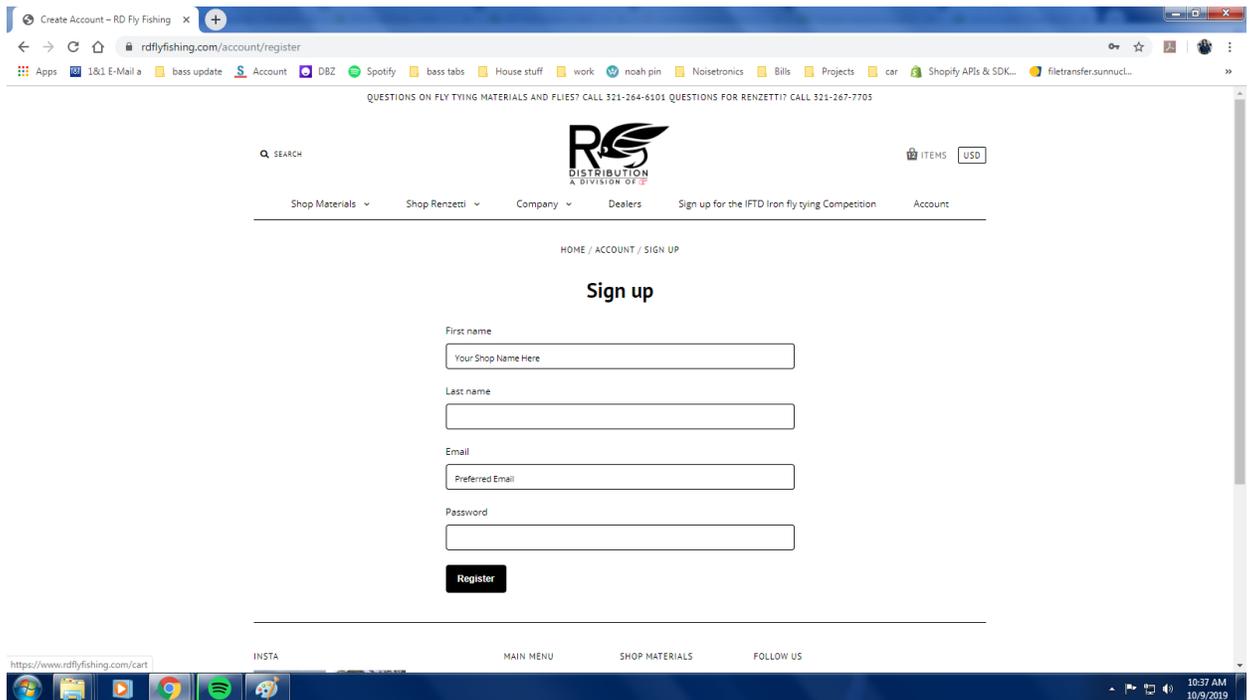

1. Head over to www.rdflyfishing.com

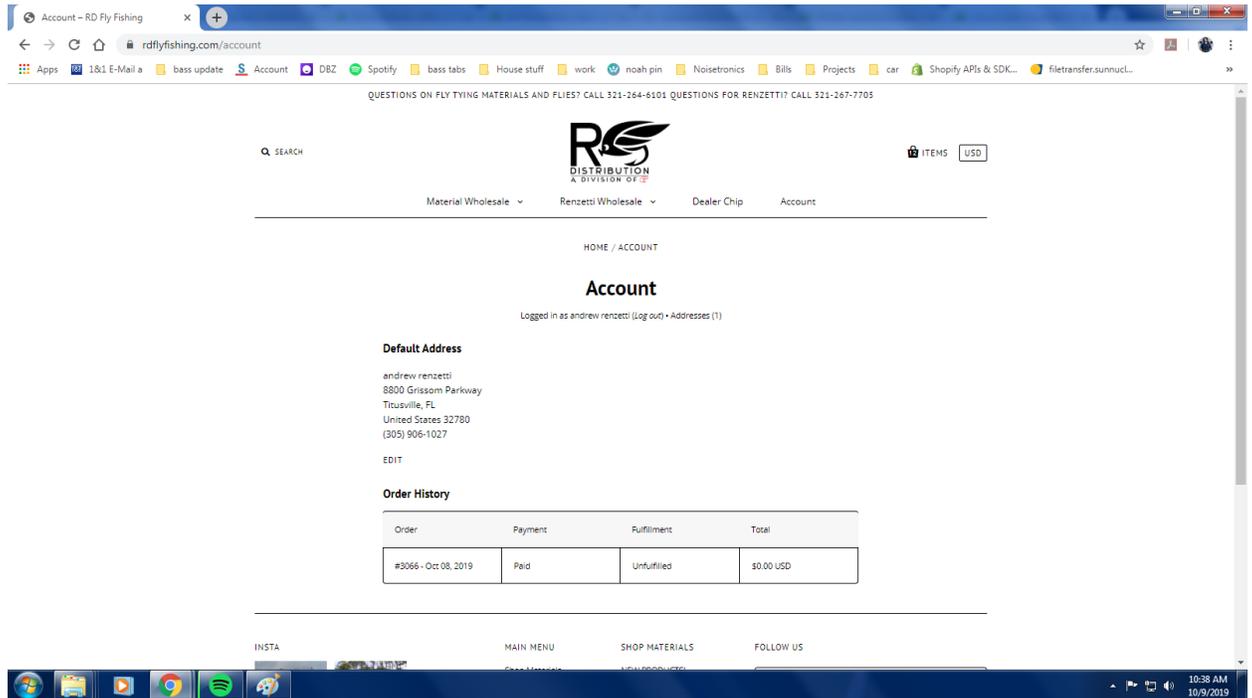

2. Click the "Account" button at the top right of the menu bar.

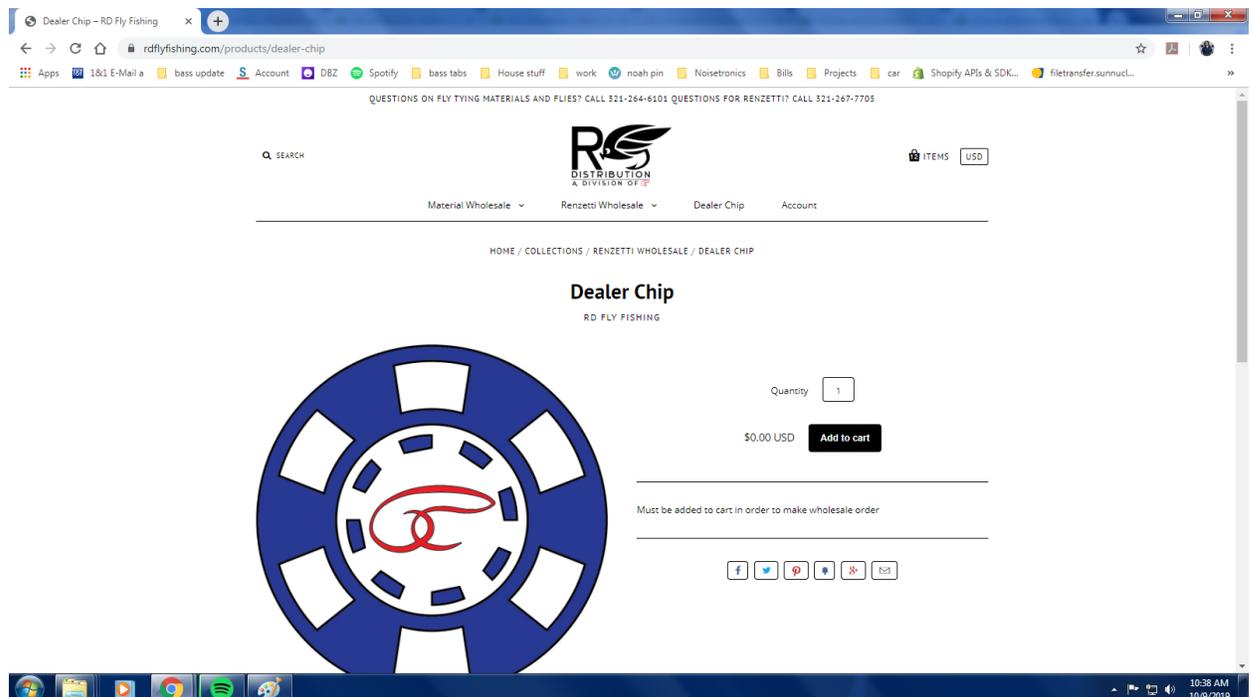

3. Register your shop using the shop name and preferred contact email, please do not sign up using your name, once this is done either call Leo at 321-267-7705 or send an email to sales@renzetti.com with the email used to register the account stating that you are a dealer and would like to activate your dealer portal account.

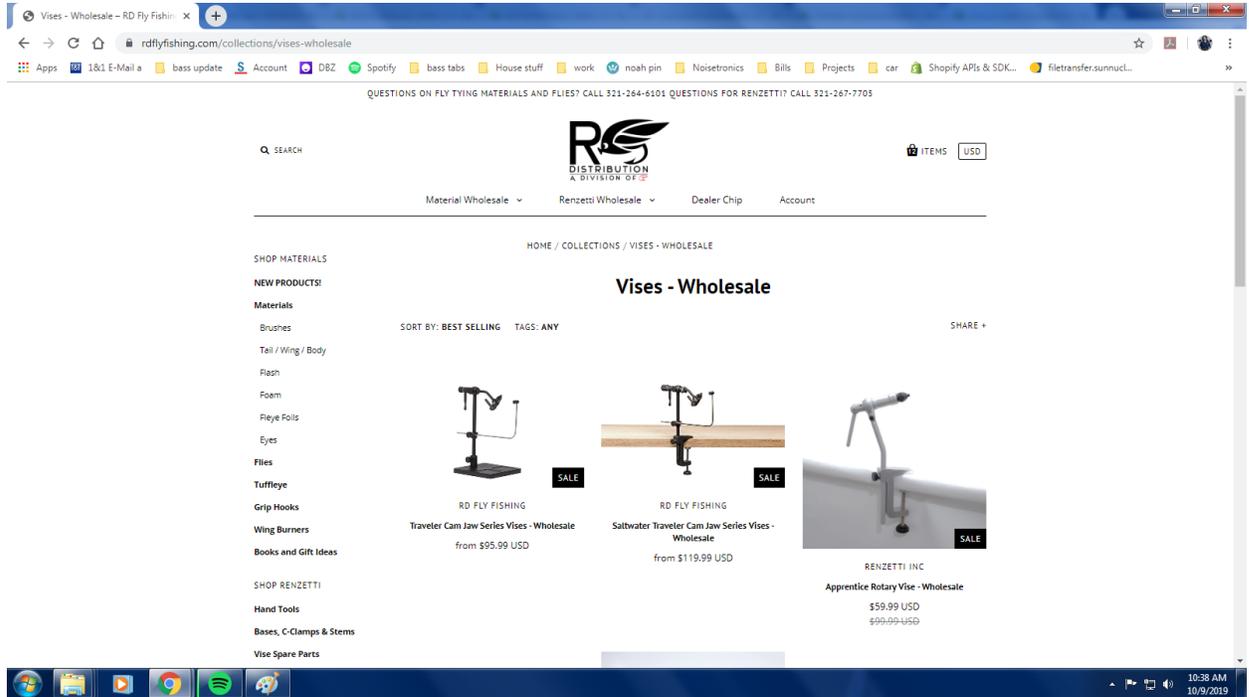

4. Here is a preview of what it will look like when you log in every time. It shows your Shipping information as well as your order history so you can quickly pull up past orders

5. This is the “Dealer Chip”, this allows you to complete your order without providing payment. Add this to your cart every time you place an order, it can be found on the right side of the menu bar between “Renzetti - Wholesale” and “Account”

6. Here is a preview of what the website will look like. Note all wholesale items will show “sale” on them, the displayed price is your wholesale price while the priced marked out is the Retail price. Notice the menu on the left side, avoid using this menu as it will take you back to the retail side, please use the top menu bar to navigate through the dealer portal.

7. This is the Cart preview, if you have any special requests (dropshipments, special shipping requests) you can write them in the “Special Instructions” window in the bottom left. Note that your

wholesale price is listed at the bottom, this is what you will be invoiced for plus shipping.

8. Lastly, here is the Checkout view, if it does not automatically apply use discount code “Dealerwholesale” to continue with purchase. Keep in mind without the Dealer Chip and DealerWholesale discount code you will have to pay upon checkout so make sure you add those. Once your order is placed you will receive a confirmation via email and Leo will send you an invoice including shipping charges to you shortly. Once shipped the tracking information will be uploaded to your order and you will be able to track it that way and you will also receive an email update. All packages will be sent UPS ground unless otherwise noted in special instructions. Small packages that do not contain vises will typically ship USPS First Class, any vise shipment will always go UPS.
