

MULTI-APPLICATION

SONIC

MULTI-APPLICATION / FAST ACTION

Whether laying down dry flies with finesse or delivering streamers to distant reaches, the SONIC family of rods provides uncompromised versatility, with a balance of power and feel. Delightfully crisp and lightweight, the SONIC has a level of performance that stands out from the crowd with a fast action taper designed to cover a wide range of fishing applications from dry fly, streamers, to nymphing - floating lines to sinking. Built on Konnetic Technology blanks, casts with the SONIC are as intuitive as they are natural - responsive in hand with excellent tracking qualities. Ready for any application the day has in store.

Dressed in a Juniper shaft color with Hardwood insert (anodized aluminum matte slate on fighting-butt models), and charcoal thread wraps that blend into the blank accents, the SONIC sports a timeless and elegant look that fits into most any fly fishing environment. Handcrafted in the USA and packaged in a premium rod bag and tube, we've pulled out all the stops to create a family of rods ideal for any application - any angler.

Cast With Confidence.
