TACKY fishpond

# FLY DOCK

The ideal quick-access pad for flies of any size, from tiny midges to extra large streamers. Store, protect, and organize your flies on any hard surface with a durable, recycled polycarbonate component base and the supplied 3M™ Adhesive Strip. The included, adhesive-backed Velcro® strip can also be attached (adhesive to adhesive).

TFD  
3.25"x.875"x.375"  
Imported  
MSRP \$7.95

Tacky's patented silicone slits offer unparalleled hook-holding strength, providing secure storage and easy access. The Fly Dock seamlessly integrates into:

- Boats & Kayaks
- Raft Frames
- Dashboards
- Coolers
- Drop-Down Fly Benches
- Tackle Bags
- Other Hard Surfaces

# DAY PACK

Organize your flies by hatch, river, or season in one small package with the Tacky Day Pack. With room for 180 flies, our bi-directional slit design proves that sometimes big things do come in small packages. Headed out for a two hour twilight session after work? Grab the Day Pack and go.

- Holds up to 180 flies
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- High visibility lid
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

**⚠ WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

MSRP \$19.95

# DAY PACK 2X

The Day Pack 2X is truly the minimalist's dream setup. Gone are the days when you were forced to decide between bringing enough flies to cover the hatch or traveling light. With Tacky's original, patented silicone anchoring technology and bi-directional slits lining both sides of the box, up to 360 flies fit right in the pocket of your wet wading shorts. Isn't compromise overrated? We think so.

- Holds up to 360 flies
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

**⚠ WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

# ORIGINAL

Our Original Box brings unmatched organization, visibility and reliability to your fly storage. The signature silicone anchoring pad holds flies tighter, doesn't absorb water, withstands extreme temperature swings, and won't get torn up by sharp hook points. New for 2020, the same, durable, shatter-resistant construction gets an upgrade with recycled polycarbonate in our continued effort to reduce our footprint.

- Holds up to 168 flies
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- High visibility lid
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

⚠ **WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

MSRP \$24.95

# ORIGINAL 2X

Enter the 2X, sporting all the game-changing features of the Original Box with double the space. Whether you are looking to guide out of a single storage system, or simply don't want to be caught without a full complement of wet flies, the Original 2X offers a tremendous carry capacity in a slim profile. The highly durable, recycled polycarbonate box will not warp under pressure or extreme temperatures and stays tightly closed in your vest or pack with our signature latchless magnetic closure.

- Two pages hold up to 336 flies
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

**⚠ WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

# DRY FLY

Our award winning Dry Fly Box is designed with hackle and tails in mind. Most boxes smash delicate dry hackle when anchoring a fly, but with our 3D mat design that's no longer an issue. Everything from small midge dries, up to large hopper patterns are kept secure with a latchless magnetic closure, and organized under a high visibility lid for easy identification and access.

- Holds up to 199 flies
- 3D silicone mat protects hackle and downward facing tails from damage
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- High visibility lid
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

**TACKY**  
DRY FLY  
HIGH & DRY

Tacky's original, patented silicone anchoring technology brings unmatched organization, stability and reliability to your fly storage. In a world of imitations, Tacky's authentic design represents the level of innovation and confidence required to take your on water experience to another level. They are everything you need, and nothing you don't.

We've spent years developing, testing and refining our storage products to crack the code for the perfect fly box, but we didn't stop there. Tacky boxes are made from a recycled polycarbonate component to reduce the impact of plastic on the environment.

- Holds up to 199 flies
- 3D silicone mat protects hackle and downward facing tails from damage
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- High visibility lid
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

# CATCH ALL

Searching for one box to cover every situation you might come across during a long day on the river? Look no further than the Catch-All. With a massive 398 fly capacity, you'll have plenty of room for a wide range of flies. Load one side with nymphs and the other with dry flies for an all-day-box that will keep you ready for variable hatch conditions. As with the Dry Fly Box, the Catch all features elevated silicone to keep dry hackle and tails intact.

- Holds up to 398 flies
- 3D silicone mat protects hackle and downward facing tails from damage
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

# BIG BUG

From the crab patterns on bonefish and permit flats to oversized cicada dries and big deer hair streamers for fall browns, the Big Bug Box is as versatile as it gets. Specifically designed for large flies, our step down insertion guides allow you to feel where the slit is and push the hook down rather than backing it in. With a capacity of 144 flies, you can easily pare down your collection of streamer boxes. So, the next time out, you won't find yourself empty-handed when meat is on the menu.

- Holds 144 flies and hook sizes up to 2/0
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- Strong, latchless magnetic closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design

# FLYDROPHOBIC

We don't call this box the most innovative fly box ever built for no reason. From its waterproof and breathable nature, to the silicone mat and anchoring system, this box not only looks amazing, but it is packed full of functional innovation. Previously, waterproof fly boxes only kept water out. We're all guilty of putting wet flies back into our boxes, but the breathability of eVent Fabric allows moisture to dissipate and escape. The inner gasket forms a precise seal, keeping water out, and delivering the first latchless closure system on the market.

- Holds up to 100 flies
- Event® fabric venting system is waterproof and breathable to keep flies dry
- Original patented silicone anchoring technology
- Withstands extreme temperature range
- Latchless waterproof closure
- Durable and tested for long-lasting strength
- Recycled polycarbonate box
- Patented design
